DataBase (37.2426-112.4727)

(1) Spanish are located in Spain, and Latin America.
(2) Coniferous plants are usually found in tropical regions. Spain ≺doesn't belong to

the tropical regions.

(3) Soil drought usually indicate semidesert climates. Only Peru and Chile does.

(4) The highway runs in a northwest-southeast direction. So this location can only be Peru ✓. Because Chile× has a north-south highway. Reasoning Process
